

Dinero

The Dinero 1 is a compact deposit safe for taking cash in without opening the main door — for a checkout, a small shop or a reception. One size, 15 litres, at 450 mm high and 290 mm square. The Dinero 1 is a deposit cabinet rather than a certified burglary-rated safe. It is built to get takings out of sight and out of easy reach during the day, not to hold a high insured sum overnight. Where an insurer specifies a burglary grade, the EN 14450 and EN 1143-1 ranges are the ones to look at instead.
