

Fire Star Plus

The Fire Star Plus is a fireproof data safe, certified to EN 1143-1 Grade 1 for burglary resistance and fire-tested for 120 minutes to a data standard. Four sizes run from 49 to 189 litres, rated by LTO tape capacity as well as by volume. A data rating is stricter than a paper rating: magnetic and optical media are damaged at far lower temperatures than paper, and by humidity as well as heat, so a data safe must hold both down for the full two hours. Burglary resistance is independently tested to EN 1143-1 and certified by VdS in Germany.

CERTIFICATIONS

- Burglary** Grade I (EN 1143-1), tested by VdS Germany
- Fire** 120 minutes for data media (EN 1047-1, S 120 DIS)
