

Office Data Star

The Office Data Star is a fireproof data safe graded S2 to EN 14450 and fire-tested for 60 minutes, sized for IT offices and server rooms holding working backup sets. Four sizes run from 118 to 587 litres, quoted in LTO tape capacity as well as volume. Data media are damaged at far lower temperatures than paper, and by humidity as well as heat, so a data-rated safe has to hold both down for the full test.

CERTIFICATIONS

Burglary S2 (EN 14450), tested by ECB•S Germany

Fire 60 minutes for data media (NT Fire 017, 60 DIS)
